EDITORIAL COMMENTS.

We wish County Attorney Westervelt of Salt Lake county success in his prosecution of the Tomato Catsup companies who have violated the Pure Food Laws by exposing for sale and selling impure catsup. Anyone reading the report of Chemist Harris will wish the same. The stuffs used in the adulteration being something fierce, enough to force one to exclaim "Oh, Gee!"

The article written by Senator Hanna in the National Magazine is one worthy of notice by the workmen of this country. He reviews the work of labor federations and advocates that every man should be treated as a man, and that every dollar should be treated as a sacred trust for the good of the nation—rich and poor, learned and unlearned. It is said Senator Hanna has the Presidential bee buzzing in his bonnet. Would to heaven that more rich men had the same "bee" and would express themselves the same and live up to their statements.

We heartily indorse the sentiment expressed by a contemporary relative to John Q. Cannon's uneventful campaign in Carbon county. One would naturally think when John Q. is making his inspection of the fifteen men there that his heaving bosom is caused by his patriotic feelings, but this editor has a suspicion that it is the \$15 and something per day he is reviewing that causes it. The editor may be wrong in this, but we certainly insist that it has gone far enough, and that some one else besides the State ought to pay this expense. This farcical performance is getting stale.

WONDERFUL NERVE.

Is displayed by many a man enduring pains of accidental Cuts, Wounds, Bruises, Burns, Scalds, Sore feet or stiff joints. But there's no need for it. Bucklen's Arnica Salve will kill the pain and cure the trouble. It's the best Salve on earth for Piles, too, 25c. at Mercur Drug Co., druggist.

THE CITY COUNCIL.

The regular meeting was held on Tuesday evening, January 19th, all the Councilmen being present, J. W. Lee, Mayor pro tem, presiding. The following were appointed:

Council Committees.

CLAIMS AND ACCOUNTS—Bryan, Bennett and Lee.

FIRE AND WATER—Dykeman, Bryan and Bennett.

SANITATION AND PUBLIC WORKS—Thayer, Lee and Dykeman.

STREETS, ALLEYS AND BRIDGES—Bennett, Dykeman and Bryan.

LICENSES—Lee, Thayer and Dykeman.

CITY PROPERTY—Lee, Bennett and Thayer.

LAWS—Thayer, Lee and Bennett.

FINANCE AND AUDITING—Dykeman, Bryan and Thayer.

Minutes of January 5th were read and approved.

Bills submitted as follows: A. W. Miller, \$17.90; Scherzinger's Furniture Co., \$1.00; County Treasurer, for collecting taxes, \$60.54; Washington Restaurant, for relief of poor, \$4.55; outgoing officers' salaries, \$47.40. Moved and seconded that bill of Miller and Scherzinger be allowed and that the remainder be referred to finance committee. Carried.

Marshal Crawford reported that, according to instructions of the Council, he had got the stoves fixed up.

Treasurer Sewell was instructed to make demand on outgoing Treasurer for all the moneys, papers and books belonging to the city at once.

The City Marshal was allowed a contingent fund of \$10.00 and instructed to make certain repairs around the city hall.

The Council adjourned until Friday night, the 21st.

Adjourned Meeting.

As per adjournment, the Council met Friday evening, the 21st, Mayor Tuff and all the Councilmen present.

The finance committee reported on referred bill of Washington Restaurant and ex-Marshall Shaffer's bills were allowed. The remainder of the ex-officials' bills were denied, as they had received pay for the first six days in 1902 and were consequently two and a half days in debt to the city.

The bonds of Marshal Crawford and Treasurer Sewell were laid before the Council and \$15 for the payment of same ordered.

Communication from Attorney L. L. Baker relating to suit of Con. Mercur against the city was read.

The election of Charles Bracken as Assistant Chief of the Fire Department was approved by the Mayor and Council.

The auditing committee was instructed to take charge of the books and audit them and to employ additional assistance for same if needed.

The question of licensing hotels and rooming houses was referred to the committee on licenses.

The Council adjourned until Tuesday, February 2nd.

DOMESTIC TROUBLES.

It is exceptional to find a family where there are no domestic ruptures occasionally, but these can be lessened by having Dr. King's New Life Pills around. Much trouble they save by their great work in Stomach and Liver troubles. They not only relieve you, but cure, 25c. at Mercur Drug Co. drug store.

We are rather late in making comment on the very creditable Christmas edition issued by our exchange, the "American Eagle" of Murray. The

Christmas number of the "Eagle" is by far the best edition ever issued from that office and we feel safe in saying any other country journal in the State.

The edition consists of twenty-four seven-column pages, highly illustrated and containing in the text a resume of the magnificent growth and importance of the great Utah Smelting City and its many industries and business enterprises. Of the twenty-four pages six are on fine calendered paper and profuse with handsome half tones. Taken all in all the paper is a mammoth affair to be attempted by a country office and needed great energy and skill to engineer and work it to a successful climax.

We trust Friend Williamson received all the support his worthy enterprise deserved.

A MARVELOUS INVENTION.

Wonders never cease. A machine has been invented that will cut, paste and hang wall paper. The field of inventions and discoveries seems to be unlimited. Notable among great discoveries is Dr. King's New Discovery for Consumption. It has done a world of good for weak lungs and saved many a life. Thousands have used it and conquered Grip, Bronchitis, Pneumonia and Consumption. Their general verdict is: "It's the best and most reliable medicine for throat and lung troubles." Every 50c and \$1.00 bottle is guaranteed by Mercur Drug Co., druggist. Trial bottles free.

Happenings Around Town.

County Attorney Baker came over from Tooele Monday and returned home Tuesday.

The L. D. S. Sunday-school meets now at 2 o'clock in the afternoon instead of 10 a. m.

Remember the photograph gallery is open only on the 10th, 11th, 12th, 13th, 14th, 15th and 16th of each month.

Dick Conley of Mercur lodge of Masons was elected grand master last week at the communication held in Salt Lake.

The card party given by Mrs. M. L. Teal at her residence was a great success. All enjoyed themselves to the utmost.

The Mormon church is working very hard on a musical recital—"Queen Esther"—which will be given by the end of next month.

Ex-City Treasurer Crane went to Salt Lake Saturday. It was presumed he was looking for counsel to attend to his interests in the coming trial.

Better have those pictures taken next pay day. You never will look better, perhaps not so well. Joy's gallery will be open the 10th, 11th, 12th, 13th, 14th, 15th and 16th.

The city hall had a close call from fire the other day. Billy Roach turned over the stove and but for the timely intervention of J. L. Craft a fire would surely have ensued.

What might have been a very serious accident happened to Mr. Podcham. His foot slipped and he stumbled and fell against the window. His head was badly cut and bled profusely.

Ex-City Treasurer Crane has been arrested on a charge of felony with Miss Laura Young. Judge Dunlavy placed his bonds at \$500 and set his trial for Wednesday (today) at 2 o'clock.

Photographer Joy goes to American Fork this week to open a new gallery. Until further notice the gallery at Mercur will be open for work the 10th, 11th, 12th, 13th, 14th, 15th and 16th of each month.

Ah Moy, who is a member of the Chinese Consulate for Utah, Wyoming and Idaho, was in Mercur this week, looking after the registration of the Chinamen, as according to treaty if they are not registered they can be deported.

A very busy man is Dr. Thayer these days. On Saturday he went to Camp Floyd. When he got home he was called to the bedside of Mrs. Peter Robertson, where a baby girl was born, and from thence to Miss Laura Young, who gave birth to a fine baby boy.

Mr. Jones, who has been in the employ of Steinman's Dry Goods company for nearly a year now, left on Tuesday for Salt Lake, with his family. The gentleman informed our reporter that he had accepted a position with the Home Telephone company, of which his brother is manager.

On Wednesday Mercur was completely shut out from the outside world. No train, mail or passenger, and no telephones. The railroad was blocked up with snow at the point where the D. & R. G. crosses the San Pedro. The snow lay in the cut twenty feet deep for half a mile long. The trainmen were unable to either push ahead or retreat.

Quite a number of men were watching the train and scanning each passenger that arrived for several days. At last they were rewarded by the arrival of J. L. Craft, who informed them that the Greene Reduction Co. would surely pay off and the delay had been caused by the illness of Col. Winsale.

The young men of Mercur had better be looking out. It is eight years since a leap year and the Young Ladies' Social club, under the management of Misses Katie Sullivan and Edna Hopper, intend to keep them busy. A grand leap year ball will be given in the Opera house Friday night and the way the managers are working to make it a success is a fright. They certainly deserve success.

Mr. and Mrs. Charles Connors and family were among the passengers stalled in the snowdrift last Wednesday. Charley says when no progress can be made either way and it looked like an all-night stay in the snow the passengers began to make themselves at home. A basket of bread for the Union Mercantile Co. was tapped and Mrs. Connors furnishing the butter and jam they all had a picnic. Shortly afterwards a large basketful of ham and egg sandwiches was sent to them and they had another feast. A train was got to within a hundred yards of them

and they were all either taken to Lehi or Salt Lake, as they choose, to wait until Thursday morning, when they were taken through to Mercur.

J. A. BAKER VISITS MERCUR.

Mr. J. A. Baker, a member of the executive board of the Western Federation of Labor, visited Mercur union, No. 199, last Monday evening and gave a very interesting talk on the state of affairs in Colorado. Mr. Baker had the honor of being hailed from a union meeting to the bullpen and getting a short time to make himself scarce in the vicinity. Mr. Baker, whose home is in British Columbia, and as a British subject appealed to the British Vice-Consul in Denver, who refused to do anything for him in the nature of an appeal to the Governor in order to assert his rights under the treaty existing between this country and Canada. The British Consul is connected with the management of the Argo Smelter company, who are the principal upholders of Peabody and the owners of the Denver Republican, the only paper the men in the bullpen are allowed to read. Mr. Baker's great fault lay in the fact that he was establishing stores on behalf of the men in Cripple Creek, Victor, Anaconda and Goldfield. The Citizens' alliance have been taught a good lesson there. The union was the means of other people besides the company with its boarding houses and company stores doing business. On the declaration of the strike those same men formed a Citizens' alliance against the miners. Now the miners are getting their own stores and the alliance men are feeling it the hardest. Mr. Baker has referred his case to the British Ambassador at Washington, D. C., and the outcome will be watched with interest.
